Azadi Ka Amrit Mahotsav

One Day

International E-Seminar

Contribution of Women in Science: Global Women Breakfast (GWB-2026)

(Catalysing Inclusivity, Equity and Diversity in Network of Science)

Date : 26 February 2026 Time : 11:00 AM

ORGANISED BY:

Department of Chemistry, Chaudhary Devi Lal University, Sirsa (Haryana)-125055. In collaboration with: Vijnana Bharati and International Union of Pure and Applied Chemistry (IUPAC)

FREE REGISTRATION

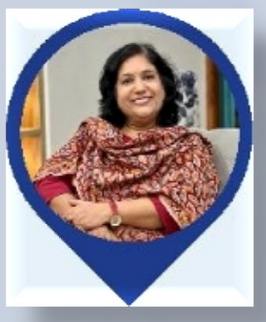
Chief Guest: Prof. Vijay Kumar
Honourable Vice Chancellor, CDLU, Sirsa

Guest of Honour: Prof. Vikram Singh
Dean Research, CDLU, Sirsa

Inaugural Address by: Dr. Gita Rani
Chairperson, Department of Chemistry, CDLU

Eminent Speakers

Prof. Deepti Dharmani
Vice Chancellor CBLU
Bhiwani



Prof. Sushma Yadav
former Vice Chancellor
B.P.S.M.V. Khanpur Kalan
former P.V.C. CUH and IGNOU

Prof. Sabriye Yusan
Director of the Institute of Nuclear Sciences, Ege University
Bornova-Izmir/Turkiye

Dr. Rachna Ghimire
Dept. of Physics
Tri-Chandra Multiple Campus,
Tribhuvan University, Nepal

E-CERTIFICATES FOR ALL PARTICIPANTS

Venue: Google Meet (online), Tagore Extension Lecture Theatre, CDLU, Sirsa (offline)

Chaudhary Devi Lal University, Sirsa

About the University: Chaudhary Devi Lal University (CDLU) is a state university located at Sirsa, in the Indian state of Haryana. It was established in April 2003 and named after former Deputy Prime Minister of India, **Chaudhary Devi Lal** and is recognized by the University Grants Commission (UGC). The university offers a wide range of undergraduate postgraduate, and doctoral programmes across various disciplines such as arts, science, commerce, management, education, humanities, law, and technology through its university teaching departments and affiliated colleges.

About the Event: The Global Women's Breakfast 2026 (GWB 2026) is an international series of events, organised by the International Union of Pure and Applied Chemistry (IUPAC) to support the United Nations' International Day of Women and Girls in Science. lt brings together science communities all over the world to celebrate the achievements of women in science, and build global networks that help dismantle barriers to gender equality in STEM fields. In 2025 the GWB connected 449 individual events in 78 countries, and over the past seven years nearly 2,500 breakfasts have taken place in around 100 countries. The aim of these gatherings is to promote collaboration across disciplines and sectors, encourage mentorship and dialogue, and highlight diverse contributions to scientific progress. The theme for GWB 2026 is **'Many Voices, One Science",** emphasising that diversity in perspectives strengthens the scientific enterprise. Organisers from schools, universities, research institutions, industry, government bodies and non-profits are invited to host local breakfast events, both in-person and hybrid formats with discussions, networking and activities that empower women and allies in science worldwide.
