

Syllabus for the M.sc Entrance test

B.Sc. Medical Botany and Zoology 1st semester
Course title
Microbial diversity (Bacteria, Virus, algae and fungi)
Cell Biology
Life and Diversity from Protozoa to Helminthes
Cell Biology
B.Sc. Medical Botany and Zoology 2nd semester
Diversity of Archegoniates
Genetics
Life and Diversity from Annelida to Hemichordata
Genetics
B.Sc. Medical Botany and Zoology 3rd semester
Biology and diversity of seed plants-I
Plant anatomy
Life and Diversity of Chordates
Mammalian Physiology
B.Sc. Medical Botany and Zoology 4th semester
Biology and diversity of seed plants-II
Plant embryology
B.Sc. Medical Botany and Zoology 5th semester
Plant physiology
Ecology
Environmental Biology
Evolution and Developmental Biology
B.Sc. Medical Botany and Zoology 6th semester
Biochemistry and Biotechnology
Economic botany
Aquaculture and Pest Management-I
Aquaculture and Pest Management-II

Equal distribution of questions through the entire syllabus is recommended.
