ANNUAL REPORT
2017

Message

I am pleased to present before you the Annual Report of 2017 for publication, which includes our achievements made during this Calendar Year.

This Annual Report gives a detailed account of the three pillars of higher education -- Teaching, Research and Extension reflecting a wide spectrum of Curricular, Co-curricular and Extra-curricular activities carried out in the University during 2017. It would provide an opportunity to look back as a measure of introspection to chalk out a vision plan for a better future. Though, this University has seen a considerable growth in the past few years, with the introduction of 6 new departments and programmes of study, new disciplines, and new initiatives, we have still a long way to make our presence visible on the national and international academic world. This year is also remarkable for re-affiliation of B.Ed. Colleges to it besides all Engineering and Management Colleges falling in the districts of Sirsa and Fatehabad.

Chaudhary Devi Lal University after its arduous journey is now ushering into that phase of development where growth rate is fast pacing up. Faculty of this University is acquiring wide national and international exposure, whereas students are excelling in sports and co-curricular and extracurricular activities at the national level. NAAC and NIRF gradation are marks of the increasing confidence of the institute, which has enabled it analyze its SWOT. It is essential for acquiring clearer vision and setting new goals for the future. It has set the target of expanding qualitatively as well as quantitatively. Introducing new PG Courses and bringing them under the umbrella of Choice Based Credit System (CBCS) including those run in affiliated colleges is an evidence of how the University is gearing itself to move on to meet the world challenges.

University stands committed to make optimal efforts to provide conducive and healthy environment to grow professionally.
