**ACCOUNTING FOR MANAGERIAL DECISIONS (MC-11)
ASSIGNMENT-1**

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 What do you mean by managerial accounting? Explain different characteristics and roles of managerial accounting.

Q-2 What do you mean by budgetary control and budget preparation? Differentiate budgeting and budgetary control.

Q-3 Elaborate the word 'budget'. Explain the different types of budgets with suitable examples.

Q-4 Explain the concept marginal costing. What is difference between marginal costing and absorption costing?

Q-5 What do you mean by capital budgeting and its procedure?

Q-6 What do you mean by financial statements? Explain the nature and limitations of financial statements.

Q-7 What is funds flow statement? What are its objectives? Explain the procedure of preparing funds flow statement.

Q-8 What do you mean by cash flow statement? How it is prepared?

ACCOUNTING FOR MANAGERIAL DECISIONS (MC-11)
ASSIGNMENT-2

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 Distinguish between managerial accounting and financial accounting. Explain the characteristics and limitations of managerial accounting.

Q-2 Explain the managerial control process with its benefits and limitations.

Q-3 Explain the different budgets with their characteristics. How can you prepare master budget?

Q-4 What do you understand by cost volume profit analysis? Also explain the contribution analysis. How contribution analysis is different from the cost volume profit analysis?

Q-5 What do you understand by lease financing? Explain the different methods of lease.

Q-6 Explain the essential attributes of financial statements. Who are the users of these statements? In what forms financial statements can be presented?

Q-7 Explain the following ratios with suitable examples:

(i) Profitability Ratio (ii) Turnover Ratio (iii) Solvency Ratio

Q-8 What is difference between balance sheet and fund flow statement? Explain the significance of fund flow analysis of financial management.

MANAGEMENT CONCEPTS AND ORGANISATIONAL BEHAVIOUR (MC-12)

ASSIGNMENT-1

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 Explain the managerial functions in detail. Describe the theory of management with different approaches.

Q-2 Explain the following terms with significant examples.

(i) Authority (ii) Responsibility

(iii) Power (iv) Delegation

Q-3 Describe the relationship between management and organisational behaviour. Explain the ethical perspective of organisational behaviour.

Q-4 What do you mean by concept of motivation? Explain any two theories of motivation in detail.

Q-5 How group formation is different from group dynamics? Explain the group performance factors in detail.

Q-6 What do you mean by managerial grid? Explain the likert's system of leadership.

Q-7 Explain the term organisational conflict. Describe the levels and types of conflict.

Q-8 What do you mean by organisational communication? How can be effective communication is possible? Describe the barriers of effective communication.

MANAGEMENT CONCEPTS AND ORGANISATIONAL BEHAVIOUR (MC-12)

ASSIGNMENT-2

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 Explain the Human behaviour and social system school. Describe the contingency theory of management.

Q-2 Explain the following terms with significant examples:

(i) Decentralization (ii) Staffing (iii) Directing (iv) Coordination.

Q-3 What do you mean by organizational behaviour concept with its significance? Explain the terms attitude and perception in detail.

Q-4 Explain two factor theory of motivation with its significance.

Q-5 Explain the term groups with its types. Describe the group formation and group composition in detail.

Q-6 Explain the concept 'Leadership'. Describe the leadership styles with suitable examples. .

Q-7 Explain the traditional and modern approaches of conflict.

Q-8 What do you mean by organisational development? Describe the organizational diagnosis with its significance.

BUSINESS ENVIRONMENT (MC-13)

ASSIGNMENT-1

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 What do you mean by business environment? Explain the significance and nature of business environment. Describe the factors affecting the business environment.

Q-2 Write a brief note on Dualism in Indian society. Explain various problems of uneven distribution of income in India.

Q-3 What is economic planning in India? Explain its types.

Q-4 What do you mean by public sector? Explain the pattern of growth in public sector in recent era. Also explain the pricing policies implemented in public enterprises.

Q-5 Explain the Fiscal policy in detail. Explain the factors affecting the fiscal policy. Describe the merits and demerits of fiscal policy.

Q-6 Explain SEBI and its objectives. Describe the SEBI guidelines regarding fresh issue of shares.

Q-7 Write a detailed note on roles of government in business.

Q-8 Write a detailed note on FEMA. Explain the multinational corporations and their roles.

BUSINESS ENVIRONMENT (MC-13)

ASSIGNMENT-2

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 Write a detailed note on changing dimension on business environment. Explain the techniques of environmental scanning and monitoring.

Q-2 What do you mean by social responsibility of business? Also explain the consumer protection act in detail.

Q-3 Discuss the latest five year plans. Explain the prerequisites of successful planning.

Q-4 Explain the SEBI guidelines in the case of debentures and bonus shares.

Q-5 Explain the monetary policy in detail with their objectives. Explain the factors those affects the monetary policy. Describe the merits and demerits of monetary policy.

Q-6 Write a note on following terms in detail.

(i) Competition Policy (ii) Competition Acts

Q-7 What do you mean by small scale industries? Explain the requirements for development the small scale industries. Describe the development of small scale industries in recent era.

Q-8 Write a brief note on following terms:

(i) IMF

(ii) World Bank

MANAGERIAL ECONOMICS (MC-14)

ASSIGNMENT-1

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 What do you mean by managerial economics? Explain the objectives of a firm. Also describe the economic theory and managerial theory.

Q-2 Explain the following principles in detail:

(i) Incremental principle.

(ii) Opportunity cost principle.

Q-3 What do you understand by demand function? Explain the individual and market demand function in detail. Also elaborate the law of demand in brief.

Q-4 Explain the theory of production in detail. How can you describe the production with one and two variables? Also explain the various stages of production with appropriate examples.

Q-5 Explain the concept of markets with its types and characteristics. Describe the price determination in short and long run under perfect competition.

Q-6 What do you mean by Oligopoly? Explain the various models of oligopoly.

Q-7 What do you mean by price discrimination and its types and degrees? How can price discrimination be different from monopoly? Also explain the international price discrimination with suitable examples.

Q-8 How is inflation defined? Explain the various kinds of inflation. How do they differ from one another? Suggest remedies to decrease the inflation.

MANAGERIAL ECONOMICS (MC-14)
ASSIGNMENT-2

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 “ Managerial economics is the integration of economic theory with business practice for the purpose of facilitating decision making and forward planning by the management.” Explain.

Q-2 Examine critically profit maximization as an objective of the firm. What are the alternative objectives of business firm?

Q-3 What do you mean by elasticity of demand? Describe the factors affecting the elasticity of demand. Explain the types of elasticity of demand in brief.

Q-4 Explain the concept of cardinal utility approach. How it can be differ from indifference curve approach.

Q-5 What is meant by production function? Distinguish between laws of returns to variable proportions and laws of return to scale.

Q-6 Explain monopoly with its characteristics. Describe the price determination in monopoly under long run and short run.

Q-7 What do you mean by business cycle? Explain the nature and phases of business cycle. Also explain the various theories of business cycle in detail.

Q-8 Explain how demand factors cause demand-pull inflation. What is the major weakness of the demand pull theory of inflation?

BUSINESS STATISTICS (MC-15)

ASSIGNMENT-1

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 Explain the concept of Probability. State various theorems of probability with suitable examples.

Q-2 Define the Binomial and Poisson distribution with their properties. Explain various applications of Binomial and Poisson distribution.

Q-3 What do you mean by hypothesis? Explain the hypothesis procedure in detail.

Q-4 What do you mean by sampling? Explain the random and non random sampling methods with suitable examples.

Q-5 What do you mean by parametric and Non parametric tests? Explain 't' and chi-square test with suitable examples.

Q-6 Explain the concept of time series along with its characteristics and uses.

Q-7 What do you mean by correlation? Describe the various formula's given by various statisticians of correlation with suitable examples.

Q-8 Explain the concept criterion independence. How this concept is working in statistics?

BUSINESS STATISTICS (MC-15)

ASSIGNMENT-2

Note: Attempt any five questions. All questions carry equal marks.

Max. Marks-10

Q-1 Explain the following theories of probability with suitable examples:

- (i) Additional Probability.
- (ii) Multiplication probability.

Q-2 Define the normal distribution. Explain its uses and applications.

Q-3 What do you mean by sampling errors? Describe the sampling and non-sampling errors with suitable examples.

Q-4 Explain following tests.

- (i) ANOVA.
- (ii) Z-Test.

Q-5 Explain the linear and Nonlinear trends of time series. How can we measure the seasonal variation of time series?

Q-6 What do you mean by Bivariate, partial and multiple regression, explain with suitable examples?

Q-7 Describe consistency of data having two and three attributes.

Q-8 What do you mean by Regression? Differentiate correlation and regression. Explain various kinds of regression with suitable examples.

COMPUTER APPLICATIONS IN BUSINESS (MC-16)
PRACTICAL

Max. Marks-40

The following areas are to be covered: Internet Technology- Applications of DOS, Windows, MS word, Excel, Power point, and its basic commands, Accounting packages, Tally, etc., SPSS and SYSTATE software packages their applications.
